From **Turkiye** t❤ Pakistan

For over three decades, Vestel has built a global legacy of innovation, quality, and advanced engineering. Today, it stands among the world's leading manufacturers of electronics and home appliances, powered by a 1.3 million m² production campus, 20,000 employees, and 2,300 R&D specialists. Vestel's diverse portfolio includes cooking appliances, refrigerators, washing machines, and dishwashers. Also it manufactures Air conditioners, LED TVs, EV chargers, professional displays, and smart home solutions.

With fully automated Industry 4.0 factories—featuring robotics, AI, and dark-factory operations—Vestel achieves exceptional efficiency and sustainability. Its massive production capacity includes 4.9 million refrigerators, 3.8 million washing machines, and 2.7 million cooking appliances annually.

Operating in 160+ countries with 900 global partners, Vestel distributes over 35 million products each year. In Pakistan, Vestel brings this global expertise through its flagship Lahore showroom and an expanding dealer network across Islamabad, Sialkot, Faisalabad, and Multan—delivering energy-efficient, reliable, and modern technology tailored for local homes.
